Today: In-Class Test

Thomas Jansen

November 30<sup>th</sup>

## For the In-Class Test

- **Relax!** It's just an in-class test (accounting for 10% of your final marks).
- The test is designed for 50 minutes.
- Please, have **nothing on the table** except for something to write.
- Work on your own.
- Answer every question (if you can).
- Please, **don't forget your name and student number.**
- If you have questions ask me any time.
- If you are done you are free to leave.
- **Have fun!** And best of luck.
